JOHN A. M'CALL DIED YESTERDAY

Was Formerly President of the New York Life.

His Breakdown Began Soon After the Recent Insurance Investigation Ended.

REMAINS TAKEN TO NEW YORK.

New York, Feb. 19.—John A. McCall, until recently president of the New York Life Insurance company, died at 5:33 o'clock yesterday afternoon at Laurel House, Lakewood, N. J., where he had been taken three weeks ago in the hope that a change might benefit his health, which had suffered a breakdown two months ago.

McCall had been unconscious since about 1 o'clock, except possibly for one brief minute, when his eyes opened and looked into the face of his wife who was bending over him. He smiled and as he did so, his eyes closed again and he remained in a coma until the end.

It was announced that Mr. McCall's death was due to an enlargement of the liver.

The body was brought to New York City this morning.

McCall's physical breakdown occurred about the close of the investigation of the life insurance affairs of this state by a legislative committee December last.

Mr. McCall was ill in bed at his home in this city when he affixed his signature to his letter of resignation from the presidency of the New York Life.

He was compelled first to mortgage and then sell, the handsome country place at Long Branch, N. J., in order to repay the New York Life Insurance company \$235,000 on the Andrew Hamilton account. Mr. Hamilton, the legislative agent of the company having made no accounting for this sum.

John A. McCall was born in Albany, N. Y., March 2, 1849. He entered the insurance business early in life and in 1885 was appointed state insurance commissioner by Grover Cleveland, then governor. He relinquished the position to become comptroller of the Equitable Life Assurance society which position he held until he became president of the New York Life Insurance company in 1892.

Lakewood, N. J., Feb. 19.—The remains of the late John A. McCall were taken to New York this afternoon.

Wednesday morning the funeral will be held at the church of the Blessed Sacrament and final interment will be in Albany, McCall's former home.

SUPERVISORS' BOOKS

Were Today Turned Over to Auditor Kirkland.

The city board of supervisors today turned over their books to Auditor Kirkland to turn in to the council tonight, along with their report. Charles K. Wheeler, representing the East Tennessee Telephone Co., appeared before the board today to ask that the assessment of the company be reduced, but the board let it stand at the figures first decided upon by the board, \$100,000.

The telephone company will now probably take the matter up with the council and ask for a reduction.

Killed by a Car.

Chicago, Feb. 19.—John T. Osborne, of Boston, a member of the Yankee Cruise in Mars, Co., was killed this morning when a car jumped the track, throwing Osborne from the car. The train was being transferred by a belt line engine and was city-bound.

Mayor Yeiser Accepts Resignation of Secretary Fowler, of Board of Works

Mayor Yeiser has accepted the resignation of Mr. Saunders A. Fowler as a member of the board of public works. Mr. Fowler received the letter from the mayor Saturday afternoon accepting the resignation.

"I don't know whom I shall appoint to the position," said mayor today. "I am considering several very excellent men for the position, but I cannot say just yet whom I shall appoint."

JOURNEY BEGINS

Mr. and Mrs. Nick Longworth Started South Today.

Washington, D. C., Feb. 19.—Mr. and Mrs. Nicholas Longworth left Friendship in an automobile this morning to take a special car for the South. They are on their way to Palm Beach, where they will be guests of Henry M. Flagler. The Longworths will stop at Roswell, Georgia, the old home of Mrs. Longworth's grand-mother, Mrs. Martha Bulloch.

Mr. and Mrs. Longworth boarded a Southern Railway limited train at Alexandria, Va., at 11:05 today. car, Lisias was attached to the train at Washington but went empty until it reached Alexandria. The young couple reached Alexandria in an automobile from "Friendship."

THE HUNGARIAN PALATMENT DISSOLVED BY EMPEROR.

Budapest, Hungary, Feb. 19.—With absolute disregard of national constitution, the Hungarian parliament was dissolved today by order of the emperor. There was a great display of military force and Hungary will now be governed according to the plans of the emperor by absolute regime, similar to that which prevailed after failure of the revolution '48.

CARBOLIC ACID

Poured Into Child's Ear Through Mistake Last Night.

Mrs. James Tally, of 1375 South Third street poured carboic acid into her eight-months-old child's ear through mistake last night and today the child has a large burn about the ear.

The child had ear ache and the mother thought she was pouring sweet oil into its ear. She had the wrong bottle, but discovered her mistake almost as soon as the liquid struck the child's flesh, and it is believed that little, if any of the acid, reached the interior of the child's ear.

\$20,000 DAMAGE SUIT

Will Be Filed at Benton for Mrs. Rubie Humphries.

Attorneys Taylor and Lucas are preparing a suit against the Illinois Central railroad for \$20,000 for Mrs. Rubie Humphries, of Marshall county, for the death of her husband, "Mac" Humphries. Humphries was employed on the new Tennessee river bridge at Gilbertsville last November and while at work under the bridge a workman on the bridge dropped a plank which fell on his head, killing him instantly. The suit will be filed in a few days at Benton.

Condition Still Serious.

Reports from La Center this afternoon state that the condition of Mrs. John Ferguson, who was burned several days ago by a stove turning over on her, is quite serious, but it is believed she will recover. She is mother of Railroad Commissioner MacD. Ferguson, who is at her bedside.

Fast Mail Train Wrecked.

St. Louis, Feb. 19.—The fast mail train on the St. Louis, Iron Mountain and Southern road, which left here early this morning, was wrecked at the Roberts avenue and Oak Hill tracks and nine were injured. The injured were trainmen and mail clerks. The train carried no passengers.

Died of Meningitis.

The one month old child of Mr. and Mrs. Clyde Wood, of 820 South Sixth street died today from meningitis, and the remains will be taken to Elva for burial.

THE POLICE BILL IS CERTAIN TO PASS

Thinks Representative L. P. Head, Here Today.

He Says Paducah Will Probably Have a Democratic Morning Paper Before April 1.

HE GOES BACK TONIGHT

Representative L. P. Head, of Paducah, arrived yesterday from Frankfort, Ky., and will return tonight. Mr. Head is here on business. It is understood that he is interested in a new morning newspaper to be started in Paducah, and he stated in response to an inquiry today, that if certain arrangements now under way are completed, Paducah will have a morning Democratic newspaper before April 1. He said that he believed the arrangements would be completed. He is one of those who will be interested.

Mr. Head said in regard to his police bill that he believed it would pass without trouble. It has been favorably reported in the house, and is now in the orders of the day. The bill, if passed and signed, will not become a law until May. Mr. Head does not think it need necessarily affect Paducah this year. It could not possibly require the city to spend more money than has already been appropriated for the police department, even if it required the full number of patrolmen that is specified in the bill—thirty.

Representative Head is becoming quite popular in Frankfort, and last Friday presided as speaker of the house. Yesterday's Frankfort Journal says of him:

"Hon. L. P. Head, the popular legislator from McCracken, occupied the speaker's chair during the entire session of the house yesterday. He presided with dignity and snap, and added much to his already great popularity among his fellow-members. Mr. Head is a prominent member of the Fraternal Order of Eagles, and will have the backing of Kentucky in the forthcoming meeting at Milwaukee for the position of grand trustee."

Held Up the Crew.

Chicago, Feb. 19.—Engineer Thos. Wells and fireman Charles Olsen, of the St. Paul railroad, were held up in the cab of their locomotive by three robbers early this morning while the engine was moving slowly. Both were severely beaten and robbed. The engineer lost \$33 and his watch, and the fireman \$27 and a diamond pin.

To Organize New Insurance Company.

M. G. Caldwell and J. W. Hughes have returned from New York, where they have been on business in connection with the organization of a local insurance company to do life and accident insurance. The plans for the company have about been completed and an organization will probably be made in a few days.

MYSTERIOUS CASE OF OPERA SINGER

Miss Stolle, Heard Here in Paul Jones, Had Close Call.

She Was Found at Peoria, Ill., Suffering From the Effects of Strong Poison.

SHE WILL PROBABLY RECOVER

Patrons of the Kentucky theater will doubtless remember Miss Margaret Charlotte Stolle, who sang the part of "Malaguena," niece of Don Trocader, in "Paul Jones," the comic opera presented by the Rose Cecilia Shay Opera company here recently.

Dispatches from Peoria, Ill., tell the following story of Miss Stolle's strange actions:

"Peoria Ill., Feb. 18.—Miss Margaret Stolle, who plays the leading role of the Paul Jones company, was found by the police in an apparently drugged condition shortly after noon today. Apparently in a dying condition she was rushed to the city hospital. The attending physician announced that she would probably recover. How she came in her present condition is not known. She is too ill to talk.

"Uncertain whether the woman was drugged or whether she attempted to commit suicide, the local police department is baffled. There also seems to be a romance of some sort connected with the case.

"It was shortly before noon, when a neatly dressed young woman, pretty and apparently well bred, entered the house at No. 616 South Adams street. She asked no questions of any one. She simply walked up stairs and seeing a bed, proceeded to retire. The landlady ordered her to depart. She paid no attention whatever, and was soon in a deep sleep. An officer was called and after several ineffectual efforts were made to awaken her she was hastened to the city prison. By the time the city hall was reached the woman was in an unconscious condition.

"Dr. Dowdall announced it as his opinion that the woman had either been drugged or is suffering from the effects of a poison taken with suicidal intent. As he worked her life was slowly ebbing away. She finally got so low that it seemed as if every second would be her last. Having administered restoratives the ambulance was hastened out and the woman was rushed to the Cottage hospital, where she began to improve and it is thought she will survive.

"She can tell little concerning herself. When she had regained consciousness she said that her name was Margaret Stolle, and that she was a member of the Paul Jones company, which appeared in this city last Monday evening. Beyond this nothing could be obtained from her.

ORDINANCES WERE PASSED.

City Officials Will Report Tonight to the Council.

Auditor Kirkland and City Clerk Bailey who were requested by the council to investigate to ascertain if ordinances had been adopted at any time creating the offices of city weigher, license inspector, market-master, sewer inspector, wharfmaster, etc., will report that these ordinances were both reported on the books by the joint ordinance committees of the two boards in a report to the council at the time the ordinances were revised by J. C. Flournoy in December, 1902.

STORMS SURRENDERS.

Resigned Today as Secretary of State of Indiana.

Indianapolis, Ind., Feb. 19.—Daniel Storms tendered his resignation as secretary of state today. His resignation was demanded some time ago by Gov. Hanly, on account of alleged irregularities in Storms' office.

\$700,000 Fire in Vermont.

Rutland, Vt., Feb. 19.—A fire breaking out in the center of the business section of this city yesterday burned until noon. The loss is estimated at \$700,000. Five brick buildings and nearly the entire square on Merchants Row were destroyed. Besides the business firms burned out, about fifty families having apartments in the Mead building are rendered homeless.

LARGE CROWD

Will Hear the Forrest Lecture Tonight.

The lecture to be delivered tonight by Judge H. A. Tyler, of Hickman, Ky., on General Nathan Bedford Forrest, "The Wizard in the Saddle," will be a most interesting one. Gen. Forrest's personality was such to make it so, and Judge Tyler will speak with the force and eloquence of one who campaigned with the dashing Confederate general.

It is a notable lecture and has been delivered in various cities. It is given under the auspices of the local Confederate Veterans for the Confederate monument to be erected in Lang Park. The Veterans will occupy the stage with Judge Tyler and he will be introduced by the Hon. Given Campbell, who also served under Forrest.

The seats are selling well, and there is every prospect of a fine audience for tonight.

CONGRESS WILL ADJOURN MAY 15, SAYS SPEAKER CANNON.

Washington, Feb. 19.—Speaker Cannon said today that in his judgment the present session of congress can and will adjourn by May 15. This assertion, coming from the presiding officer of the house of representatives, is entitled to greatest weight and consideration. It is not only a statement of opinion and deliberate judgment, but it is more or less the announcement of a decision on the part of the most powerful man in congress to bring the end about, as near as lies within his power.

DAVID BISPHAM

Noted Baritone May Be Heard in Paducah Shortly.

The matinee musical club has an offer from David Bispham, the famous baritone singer, to come to Paducah for a song recital some time next month. The club has to guarantee him \$350 and the members are out today to see if it can be raised. Bispham has been on a concert tour of the country and will be in Memphis and Louisville, hence Paducah's opportunity to secure him for a performance.

THE INCUMBENTS

To Be Appointed at Marion, Princeton and Fulton.

Washington, D. C., Feb. 19.—J. C. Speight, of Mayfield, the Republican referee in the First district, left for home last night.

The Bardwell and Murray post-offices are still in dispute, but an agreement has been reached in the Marion, Princeton and Fulton cases in favor of the incumbents, who will be reappointed.

COUNTY COURT DAY.

The Goodman and Biederman Liquor Cases Also Come Up at Mayfield.

This is county court day in Mayfield, Ky., and one of the largest crowds on record is in town. The cases against the George H. Goodman and the Jake Biederman companies, of this city, for alleged violation of the local option laws, also came up, and at press time were being argued.

THE LOCK CANAL

Is Recommended to Congress By the President.

Washington, Feb. 19.—President Roosevelt today sent a message to congress approving the lock type of canal for the trans-isthmian waterway. The message gives at length his reasons for the recommendation.

Madame Sarah Bernhart Offers to Come to Paducah if Guaranteed \$2,000 House

Madame Sarah Bernhart, the great French actress, wants to come to Paducah, at least her managers want to bring her to Paducah, if Paducah will pay the price.

Manager Thomas Roberts, of the Kentucky theater, had a telegram from her managers Saturday saying that Paducah could see the "Divine Sarah" if Manager Roberts would guarantee \$2,000 for one performance. Manager Roberts believes Paducah people would appreciate seeing the great actress, but he does not believe it strongly enough to guarantee a \$2,000 house. He so wired Bernhart's managers, adding that he thought there was no doubt she would play to, at the least, \$2,000, however.

FORMER RESIDENTS OF PADUCAH DIE

Mrs. Lucy Anderson Passes Away at Allensville, Ky.

Mrs. Bettie Gilbert, a Former Resident, Died at Clarksville, Tenn.

Mrs. J. C. Porter's Mother.

Word was received here yesterday of the death of Mrs. Lucy Anderson, wife of Mr. Frank Anderson, in Allensville, Ky. She had been ill of nervous prostration, but no particulars were given as to the immediate cause of her death.

The deceased was born and reared in Paducah, previous to her marriage living at the old Anderson home-place in Arcadia. She was a daughter of Mr. Ed. Anderson, a prominent ante-bellum citizen of Paducah. After her marriage, to a cousin, Mr. Frank Anderson, she and her husband lived for a time in Paducah, but later returned to Allensville, where they have since resided. She was a sister of Mr. William T. Anderson, of Arcadia. She leaves one sister, Mrs. W. C. Slaughter, of Louisville, and two brothers, Mr. Norton Anderson, of Platte City, Mr. and Mrs. Ed. Anderson, of Joppa, Mo., all of whom formerly lived in Paducah. Besides these she leaves a husband and one child.

She had many friends in and about Paducah who will learn of her death with sorrow. She was a devoted member of the First Presbyterian church when living here.

Died in Clarksville.

News of the death of Mrs. Elizabeth Gilbert, an old resident of Paducah who has been living in Clarksville, Tenn., for the past eight months, reached here this morning. A telegram was received announcing her death and stating the body would be shipped today and arrive here at 4 o'clock.

Mrs. Gilbert was about 65 years old and the widow of Felix Gilbert, a brick mason well known here who died about 15 years ago. Some property at Sixth and Jackson streets was left the widow, but she sold it a short time ago and removed to Clarksville.

Mr. J. S. Jackson, the former councilman, an old friend of the family, was notified of her death.

The deceased leaves no near relatives except a nephew in Clarksville with whom she has been residing. It is presumed he will accompany the body here.

The remains will be taken direct to Oak Grove from the train this afternoon, and the services will be held there.

Mr. J. C. Porter's Mother Dead.

Friends today received news of the death at Paris, Tenn., yesterday, of the venerable mother of Manager J. C. Porter, of the Smith & Scott Tobacco company. Mrs. Porter was about 70 years old, and had been an invalid for quite a while. Her condition Saturday was apparently no worse than it had been, however, and her death was unexpected.

Mr. Porter and family went to Paris Saturday on a visit and today telegraphed news of his mother's death. The deceased leaves seven sons and two daughters. The burial took place in Paris.

Death in Wyoming.

Judge J. S. Ross has received from Cheyenne, Wyo., news of the death of his brother's little girl, about a year old. No particulars were given. His brother, Attorney W. B. Ross, is prosecuting attorney at Cheyenne, and was here during the holidays on a visit to Judge Ross and other relatives.

A Fine Musical Program.

Patrons of The Kentucky enjoyed one of the highest class musical programs ever rendered at that theater since it opened, during the past week—the run of the Frank Dudley Stock company.

The program rendered by Prof. William Deal's orchestra consisted of one high-class standard overture each night with marches and selections filling in. The following is the program of the big overtures played:

Tuesday night—"Poet and Peasant," Suppe.

Wednesday matinee—"Light Cavalry," Suppe.

Wednesday night—"Barber of Seville," Rossini.

Thursday night—"William Tell," Rossini.

Friday night—"Nasanello," Auber.

Saturday matinee—"Tancred," Rossini.

Saturday night—"Orpheus," Offenbach.

To Lecture on Dramatic Art.

Miss Monheimer, president of the School of Dramatic Art, of Cincinnati, will deliver a lecture at the High School auditorium about March 1st under the auspices of the High School.

A Fine School Entertainment.

The play "Dead Brokers," written for the High School Dramatic club by Miss Carrie Ham, one of the graduates, will be given Monday night at the High School auditorium. The publication to the effect that it would be given Saturday night is erroneous. The club is rehearsing for the play, which will be a feature of the big entertainment to be given on that night. There will be other features such as drills, orations, singing and specialties. The entertainment will run about two hours, and the music will be furnished by the High School orchestra.

HIGH SCHOOL

DESIRES TO MEET CAIRO AND METROPOLIS TRACK TEAMS.

Cairo Is Willing to Come, but Metropolis Has Not Been Heard From.

The athletic department of the Paducah High school is attempting to arrange a big meeting with Metropolis and Cairo High school track and athletic teams, and has received encouragement from Cairo but nothing definite from Metropolis.

It is desired to arrange a meeting with teams from these two High schools for the latter part of March when the weather will be sufficiently warm. One of the features will be a cross country run, and some of the locals are hard at work getting in shape for this event. Other contests such as hammer throwing, shot-putting and regular track work will be features of the meet.

The Cairo High school has agreed to come here for the meet and Metropolis remains to be heard from. If the latter school fails to come in, the meet with Cairo alone will be arranged. This will be the first track meet this season and much interest is being taken in it.

FIRST SERVICE OF EPISCOPAL MISSION

Was Attended by a Large Congregation Last Evening.

The Baptist Revival Completed Third Month at Last Night's Service.

NEWS OF OTHER CHURCHES

Grace church was filled last night at the first service of the mission that is to be held all this week by Bishop C. E. Woodcock, of Louisville. The short service, with familiar congregational hymns, was followed by the sermon on "Sin," the text being "Be sure your sin will find you out. The wages of sin is death, but the gift of God is eternal life, through Jesus Christ, our Lord." The style of the bishop's preaching is eminently epigrammatic, short, terse sentences, come like the blows of a hammer, driving the truth home to heart and conscience. Among some of last night's sayings were these: "If there was no such thing as sin, there would be no christianity."

"If there were no cure for sin, religion would be a mockery."

"The next greatest thing to being God Himself is to be true men ourselves."

"God never had a favorite. He has made many your equals. He never made you superior."

"Man by birthright is the master of all below him; the evidence of all above him; but by sin he becomes the slave of all below him and the caricature of all above him."

Tonight Bishop Woodcock will preach on "Repentance." The services will be as announced, viz:

Holy communion, 9 a. m.; service for women, 3 p. m.; special service with sermon, 7:30 p. m.

On Tuesday and Thursday afternoon there will be a service for young people at 4:15 in addition to the 3 o'clock service.

There is an after-service at the close of each night service, lasting but a short time.

Bishop Woodcock administered the rite of infant baptism at the morning service.

The members of the First Baptist church last night rounded out three months of revival services, three services a day, and there is no indication of an early close.

Last night there was again not even standing room, and there were about twenty additions to the church. It is not known when the question of closing this remarkable meeting will be considered, but the general opinion is that it will run until the interest begins to wane.

Rev. G. T. Cates seems to be as well and strong as when he first began preaching, and the interest seems to increase, if anything.

Rev. John S. Cheek, pastor of the church, who has gone to Hot Springs because of a nervous breakdown, writes that he is better. He will probably remain at least a month.

A dispatch from Evansville, Ind. says: "At a conference here among whom were Col. Thomas Fassell of Columbia, Tenn., Maj. G. V. Menzies of Mount Vernon, Ind., and William Reister of Evansville, Ind., attorneys it was decided to file an injunction suit in the federal court at Decatur, Ill. to prevent the general assembly of the Cumberland Presbyterian church voting to sustain the union of the Cumberland Presbyterian and the Presbyterian churches. The attorneys claim the vote to unionize the churches was not done in a constitutional manner."

Rev. J. L. Stuart, of Virginia, for thirty years a missionary of the Presbyterian board of missions at Hang Chow, China, and the first missionary sent out to China by this church, filled the pulpit yesterday morning and evening at the First Presbyterian church. Dr. Stuart spoke on "The Outlook for China" to interested congregations, especially emphasizing the mission work there at the morning hour, and dealing more with the present crisis in China at night. He is a fund of valuable information on the Chinese and has many interesting facts in connection with his long work there.

On Friday afternoon at 3 o'clock the Missionary society of the First Presbyterian church will hold a meeting at the church, and Dr. Stuart will address them, and show many Chinese curios that he has brought over with him.

JUDGE SANDERS HAD A FULL HOUSE

Two \$40 Fines Assessed Against Bold, Bad Fighters.

Harrison Chambers Charged With Putting Alonzo Caldwell's Eye Out With a Bottle.

OTHER POLICE COURT CASES

When Police Judge D. L. Sanders opened his docket to begin business today the defendant's bench was filled with whites and blacks of varying ages.

The most important case was that against John Mix, E. Grigsby, G. C. Snyder and Sherman Mills, white, charged with being drunk and disorderly and a breach of the peace. The fight occurred early this morning in the resort of Fannie Wilson, on West Kentucky avenue.

The evidence developed that Mills was "floored" by the others and one man, Snyder, stood over him with an open knife threatening to cut his head off if he moved. The other two amused themselves in kicking him about the hall.

Judge Sanders fined Mix and Snyder \$40 and costs each, the costs to be divided, dismissed the breach of the peace case against Mills and left the same charge against Grigsby open until tomorrow. The charges of drunk and disorderly against Mix Grigsby and Snyder were filed away with leave to reinstate. The drunk and disorderly charge against Mills was dismissed.

A case which was called but not tried was against Harrison Chambers, colored, charged with mayhem. He is accused of striking Alonzo Caldwell, colored, in the eye with a whiskey bottle and putting it out. The fight occurred Saturday night in the house of Mattie Perre, on Jefferson near Fifth street. The woman is charged with being drunk and disorderly and maintaining a disorderly house. Walter Boyd, a young negro, is charged with being drunk and disorderly in the house. He is a witness in the mayhem case. Chambers has a swollen head which he says he got from a blow dealt by Caldwell, who used a bottle, the same Chambers hit Caldwell with. This case will be tried tomorrow.

Judge Sanders dismissed the charge of vagrancy against Duds Stone, colored, a familiar figure in police court, but gave him a sound lecture and warned him to take himself unto some honest calling or stand chances of serving time in the big jail.

City Physician Bass stated that he had been treating Stone for more than a year and that he was not in the best physical condition, but could do three-fourths of a good man's work, and it was his opinion that Stone could work without danger.

Judge Sanders gave the negro the benefit of the doubt but told him he had to go to work and if he ever heard of him hanging about dives and saloons again and not working, he would send him to the county jail.

The case against Mrs. Essie Hessig, third wife of Dr. H. T. Hessig, for using profane and obscene language towards Mrs. A. J. Hessig, the first and divorced wife of Dr. Hessig, was concluded today and Mrs. Essie Hessig fined \$10 and costs. It had been left open from Saturday.

OLD VIRGINIA CHERROOTS

Package of 3 for 5 Cents

(A cherroot is a cigar made without the head)

The difference between a good 5-cent cigar and the famous Old Virginia Cherroot is mostly right here: You get *three* good smokes for your 5 cents instead of *one*.

No difference in *quality*.

The difference in price is due wholly to money-saving in the making. No useless hand-made "head". No full-length filler—five different kinds of high-grade blended leaf but all small leaves and selected clippings. No small-quantity manufacturing methods—a million produced every day in the best organized and cleanest cigar-factory in the world.

Say "Yes"

To This Offer, and See the Good You Will Get.

Write us if you are ready to try Liquezone. Let us buy the first bottle for you. Let the product itself prove the good it can do.

You who are waiting don't know what you miss. There are plenty to tell you if you would ask; for millions have already used it. Some use it to get well; some to keep well. Some to cure germ diseases; some as a tonic. You will use it as they do, when you learn what the product does. And you will then regret that you delayed so long.

What Liquezone Is.

The virtues of Liquezone are derived solely from gases. The formula is sent to each user. The process of making requires large apparatus, and from 8 to 14 days' time. It is directed by chemists of the highest class. The object is to so fix and combine the gases as to carry into the system a powerful tonic-germicide. Contact with Liquezone kills any form of disease germ, because germs are of vegetable origin. Yet to the body Liquezone is not only harmless, but helpful in the extreme. That is its main distinction. Common germicides are poison when taken internally. That is why medicine has been so helpless in a germ disease. Liquezone is exhilarating, vitalizing, purifying; yet no disease germ can exist in it.

We purchased the American rights to Liquezone after thousands of tests had

been made with it. Its power had been proved, again and again, in the most difficult germ diseases. Then we offered to supply the first bottle free in every disease that required it. And over one million dollars have been spent to announce and fulfill this offer.

The result is that 11,000,000 bottles have been used, mostly in the past two years. Today there are countless cured ones, scattered everywhere, to tell what Liquezone has done.

But so many others need it that this offer is published still. In late years, science has traced scores of diseases to germ attacks. Old remedies do not apply to them. We wish to show those sick ones—that our cost—what Liquezone can do.

Where It Applies.

These are the diseases in which Liquezone has been most employed. In these it has earned its widest reputation. In all of these troubles we supply the first bottle free. And in all—no matter how difficult—we offer each user a two months' further test without the risk of a penny.

Asthma, Bronchitis, Blood Poison, Bowel Troubles, Coughs—Colds, Consumption, Contagious Diseases, Cancer—Catarrh, Dysentery—Diarrhea, Typhoid—Dysuria, Eczema—Erysipelas, Fever—Gall Stones, Gout—Gonorrhea—Gleet, Hay Fever—Influenza, La Grippe, Leucorrhea, Malaria—Neuralgia, Piles—Quincy, Rheumatism, Scrofula—Syphilis, Skin Diseases, Tuberculosis, Tumors—Ulcers, Throat Troubles.

Also most forms of the following: Kidney Troubles, Liver Troubles, Stomach Troubles, Women's Diseases, Fever, inflammation or catarrh—impure or poisoned blood—usually indicate a germ attack. In nervous debility Liquezone acts as a vitalizer, accomplishing remarkable results.

50c. Bottle Free.

If you need Liquezone, and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and will pay the druggist ourselves for it. This is our free gift, made to convince you; to let the product itself show you what it can do. In justice to yourself, please accept it today, for it places you under no obligations whatever.

Liquezone costs 50c. and \$1.

Daily Thought.

Men are born to succeed, not to fail.—Thoreau.

A PLAIN BUSINESS PROPOSITION.

The members of the general council know exactly how many street lights the people of Paducah have had every year since the plant was established, and also know how much money has been expended on the plant. The result is that they are able to easily determine the cost of operating the plant, and the average cost of each light. The figures are correct, and no one can dispute them without questioning the accuracy of the city's books. The city plant might possibly be operated cheaper than it has been, but no one has yet been able to point out how. With more and better machinery, the city could no doubt get more and better lights, but as to reducing the cost of operating the plant, the improvement would be more likely to increase it.

It is entirely out of the question to think of equipping the plant for furnishing incandescent lights and making it yield revenue, because the city hasn't the money, and cannot get it without voting bonds, and it is very unlikely that the people would vote bonds for such a purpose if the question ever came to a vote.

It is clear to the minds of men who understand such matters, that not only is a city unable to furnish the people with service of any description as good or cheap as a private concern already in the business but likewise that a city would be unable to successfully compete with a private concern in a commercial enterprise, for the private concern could so dispose of its service in a commercial war, as to make every dollar it lost represent two that the city lost.

So why fritter away time trying to lead the public astray from the real subject in hand? In solving the street lighting problem, all the people want is more light, better light and cheaper light. They don't care where it comes from. All they want is a plain business proposition settled in a plain, business-like way, without taking into consideration the croakings of cranks, or the sophistries of persons with axes to grind.

EXTRAVAGANCE OF AMERICAN CITIES.

The recent conference of comptrollers, auditors, treasurers and other city officials, under the auspices of the United States census bureau, looking to a uniform classification of municipal accounts and statistics, gave an opportunity for an interesting exchange of views on American municipalities. Mr. S. N. D. North, director of the census, an expert in matters of statistics, delivered an address in which he referred the question of municipal ownership of public utilities, and said that definite standards by which the comparative results of private and public

HENDERSON GAS PLANT SHOWS \$14,012 LOSS

This is What it Cost Over Total Revenue Derived From it Last Year.

Henderson, Ky., owns its gas plant, worth \$100,000, which since gas was abolished for street lighting purposes there, has been exclusively a commercial enterprise, furnishing nothing except what brings in revenue to the city.

It has been a financial failure, and Henderson is now trying to decide what to do with it.

The Henderson Gleaner in an article on the subject, shows for the year 1905, the following:

Receipts and Expenses for 1905.

Cost of running plant, exclusive of additions and extensions	\$16,490.53
Cost of producing gas that leaked out, exclusive of 7 per cent an average leakage	2,934.99
Depreciation in value of property valued at \$100,000	10,000.00
Interest at 4 per cent on the investment	4,000.00
Total cost to city for year 1905	\$33,425.52
Total receipts for the year, including funds received from all sources	\$19,413.17
Total estimated loss to the tax-payers of the city	\$14,012.35

The Gleaner's article written by William Ewing Galloway, continues: "The net cost of producing 18,677,440 cubic feet of gas in 1905 was \$16,490.53. Now the cost of producing 23.2 per cent, excess leakage was \$2,934.99. It is that amount of the city's production that is lost by either faulty meters or leaky mains. It is claimed, if I am not mistaken, that the management of the plant does not know where the leaking really is.

"The interest on an investment of \$100,000, which, it is said, the municipal gas plant is worth, at 4 per cent., is \$4,000. The actual value of the plant can only be estimated, but if it is worth only \$75,000 the loss to the city of Henderson annually, at the 1905 rate, would be only \$1,000 on leakage.

"The figures above are taken principally from the annual report of the department for the year 1905. The matter has been somewhat agitated since an Ohio company proposed to lease the gas works from the city.

"The question before the present council is not whether the plant shall be leased or sold, but whether it is to be run continuously for the next few years at a loss to the taxpayers?

"It is an assured fact that the present council does not want to continue to run the plant at a loss for the sake of municipal ownership

Operating expenses	\$15,466
Maintenance	10,000
Five per cent interest on \$100,000	5,000
Taxes lost but accruing had plant been in private hands	1,200
Total	\$31,666
Cash receipts from sale of current	\$15,822.59

Net cost to the city	\$15,843.41
Cost of 185 lights at \$62.50, rate offered Paducah	\$11,562.00
Net loss to city	\$4,281.41

management can be obtained are impossible in the existing chaos of municipal accounting. Laying stress upon the standardization of accounts, he said:

"We have in the United States 175 cities with a population of 30,000 or more, and they are resting today under the stigma of being the most extravagantly and inefficiently governed group of cities. The financial officers of these cities annually collect and disburse \$765,000,000—more than the annual cost of all the state governments and more than the annual cost of maintaining the national government. These cities have a bonded or funded indebtedness equaling \$1,500,578,000, an indebtedness greater than that of the United States. This municipal indebtedness is increasing at an enormous rate, probably not less than \$150,000,000 a year. The most prolific source of municipal graft, its securest hiding place, its most effective instrument in seeking immunity, is the chaos which exists in the classification of municipal accounts and the absence of uniformity in municipal bookkeeping."

The people of Louisville are beginning to become suspicious of the water works bill. It was amended soon after it was introduced in the legislature and is still unsatisfactory. It would be well if the people make a thorough investigation and ascertain what the gang is up to. Louisville's water works is its greatest utility, and there is no predicting what will happen if it is placed in the hands of the political machine, which has its thugs, ward heelers, repeaters, grafters and other henchmen to take care of. The Courier-Journal says: "What is needed is a board that will attend to that business as faithfully, thor-

oughly and efficiently as if it were a private enterprise, and to make that board the creature of the sinking fund is not regarded by the Louisville public as the best way to get such service. The general assembly should be sure that it is representing the wishes of this public before passing the bill in its present shape."

The Courier-Journal should have added that the cities are few and far between where men are placed in charge of public utilities who "will attend to that business as faithfully, thoroughly and efficiently as if it were a private enterprise." Those are the kind who ought to be put in charge, but they are not as a rule, because they seldom have a pull with the politicians.

The question whether or not residents of a city can be made to pay county taxes under Kentucky law is being discussed at Lexington, Ky. Whatever the outcome may be, the fact remains that they are doing it.

By the way, did the light committee ever find what went with that mysterious \$10,000 said to have been spent on the Paducah light plant and of which it is said no record could be found?

From indications the town cow has no reason to felicitate over what budding spring may have in store for her. There is a prospect that she may have to change her diet this summer.

Sensible business men and taxpayers should care nothing about who or what furnishes the street lights, so the people get more and better lights at less cost.

It is a far cry from signing peti-

tions, to voting bonds and building water works.

"Do you believe that knowledge is power?" said Mrs. Wiggs. "I used to think so," answered Mr. Wiggs, "but I have observed that some of our most powerful financiers are distinguished by what they don't know on the witness stand."—Washington Star.

B. WEILLE & SON

In Bad at Hickman.

Hickman, Ky., Feb. 17.—Sheriff Seat arrested and brought to jail one J. R. Lee and son, living in the lower bottoms. It is alleged that Lee wrote a threatening note to D. B. Wilson and Val Carpenter to the effect that they were in possession of five of his hogs, worth \$5 each, and that they must make settlement in cash at once, or the settlement would be made and not be made in the courts. Sheriff Seat with a warrant went to arrest Lee. When he neared the house Lee's son got the drop on him and held him while the father ran away. The son was arrested and the father later and brought to

Hickman. At the trial the young man was fined \$50 and ten days in jail. Mr. Lee was remanded to jail to await circuit court in default of \$2,000 bond.

FIRE IN CLOSET.

At the Home of Mr. Jake Oehl-
schlaeger, but Little Damage.
The fire department was called
out Sunday morning about 11:30
o'clock to the residence of Mr. Jake
Oehlschlaeger at 1034 Jackson
street.

Fire was discovered in a closet,
probably having been started from
children playing about with match-
es. It had gained little headway
and was speedily extinguished with
little loss. Some fruit stored in
the closet was ruined, but this was
about the extent of the damage.

Methodist to Send Delegates.

The northern branch of the Meth-
odist church, known as the Methodist
Episcopal church, will send as a frater-
nal lay delegate to the coming
general conference of the Southern
Methodist churches at Birmingham,
Ala., in May, Vice President Fair-
banks.

It is the custom of the M. E.
church to send fraternal delegates,
both lay and clerical, to bear greet-
ing from the Northern to the South-
ern branch, and vice versa, but it is
probably the first time that a vice-
president of the United States has
served in this capacity. Senator J.
P. Dilliver, of Iowa, a staunch Meth-
odist, was the lay delegate of recent
years to the M. E. Church, South.
Vice-President Fairbanks will re-
ceive a hearty welcome.

Card Party to Visitors.

Mrs. John McCandless was the hos-
tess of a pretty card party on Satur-
day afternoon at her home, on West
Jefferson street, in compliment to
her guest, Mrs. Samuel McCandless,
of Saginaw, Mich. The rooms were
attractively decorated with red car-
nations and smilax and the red color-
scheme was carried out in the var-

ting of the delicious course-luncheon.

The prizes were especially hand-
some. Mrs. Clifford Budd carried off
the first honor, a gold bracelet. Mrs.
James P. Laffey, of Cincinnati, won
the consolation prize, a cut glass
bon-bon dish. The lone-hand prize,
a Haviland china cream and sugar
set, was captured by Mrs. Luke Rus-

Marriage of Miss Bleich and Mr. Sowers Announced.

Mr. and Mrs. John J. Bleich have
announced the marriage of their
daughter Miss May A. Bleich to Mr.
Joseph A. Sowers at 3 o'clock in the
afternoon of Tuesday, February 27.
It will be a quiet wedding at the
home of the bride's parents on Clark
street. Rev. William Bourquin of
the German Evangelical church will
officiate. No invitations will be is-
sued in this capacity. After a bridal trip
to St. Louis, Chicago and northern
points, they will be at home March
12, at 717 Clark street.

Miss Bleich is a pretty brunette of
attractive personality and is popular
with a host of friends in Paducah.
Mr. Sowers has lived in Paducah
only a short time, coming here from
St. Louis. He is the manager of the
Bleich jewelry establishment on
Broadway, and is a clever and rising
young man, who has won many
friends here.

Miss Koger at Army and Navy Reception.

Physician Going to Cairo.

Dr. James Woelfle, who has for
some years been one of the leading
physicians of Paducah, has decided
to locate in Cairo. He is having a
suite of offices fitted up in the Gil-
bert block, over Calhoun's drug store
and will probably occupy them in the
course of a few weeks. Dr. Woelfle
is not unknown to Cairoites, being a
son of Mrs. William Bartleson, of
Grand Chain, and connected by mar-
riage with Mr. and Mrs. H. A. Han-

IN THE COURTS

Circuit Court.

One judgment and several orders
of minor importance was the extent
of business in circuit court this morn-
ing. This is the last week of court,
and there is little left to do.

In the case of Lydia Armstrong
against James Armstrong, a judg-
ment for sale was filed.

For Breach of Peace.

Jodie Robertson, colored, was ar-
rested this morning by Constable A.
C. Shelton for a breach of the peace.
It is alleged that he abused a wo-
man named Dickerson on the public
highway near Perkins' creek. The
case was set for trial for Saturday
before Justice Chas. Emery.

For Bootlegging.

James Vick, of Carrsville, Living-
ston county, was brought to the city
Saturday evening by Deputy United
States Marshal Wade Brown and
held in the sum of \$100 by U. S.
Commissioner W. A. Gardner for al-
leged bootlegging. He gave bond
and was released.

Hit By a Highwayman.

Crockett Wright, an I. C. black-
smith who lives at Third and Clark
streets, claims he was struck in the
head by a highwayman about 7:30
p. m. Saturday on South Third be-
tween Washington and Clark, and
that the robber went through some
of his pockets, but secured nothing,
as Wright had his money in his
watch pocket, which was overlooked.
He could not tell whether the man
was white or black, as he was stun-
ned by the blow.

To Claim Chinaman's Estate.

Evidence is being heard this after-
noon proving the relations of Linn
Sing, deceased, to Sam Pang Sing, in
order that the latter may come into
possession of the deceased's estate,
amounting to about \$600.

Lin Sing and Sam Pang Sing were
brothers, the only sons, in fact only
children, of Oea Sing and Lee Sing.
In order to secure the estate the liv-
ing brother has to prove that he is
the only living relative, and the evi-
dence is being heard this afternoon.
The estate is held by Felix Rudolph,
public administrator. Attorney E.
W. Bagby is acting for the chinaman.

Order in Bankruptcy Case.

Attorney E. W. Bagby, referee in
bankruptcy, this morning made an
order in the bankrupt matter of T.
O. Fisher ordering a sale of the
notes and accounts of the bankrupt.
The petition was filed several days
ago for the sale of the accounts. The
matter is left open for ten days for
exceptions. The notes, accounts,
etc., will amount to several thousand
dollars.

County Court.

A. N. Sears qualified as a notary
public.

The county liquor license of Henry
Gallman at 735 North Tenth street,
has been transferred to Elbert Har-
din & Co., at 105 South Second street.
Spencer Matthews and others deed
to L. A. Albritton, for \$155, property
in the county.
Charles Alcott has qualified as a
notary public.

Licensed to Wed.

Dean Shofner, age 21, of the city,
and Mrs. Maude Augustus, age 27,
of the city, have been licensed to
wed.

A marriage license was granted
Mr. Frank P. Hill and Miss Blanche
Shelbourne, the latter of Wickliffe,
this morning. The marriage will
take place Wednesday morning at
the residence of Father Jansen.

Miss Alice Herring has returned
to her home at Eureka, Ky., after a
pleasant visit with Mr. and Mrs. W.
H. Crafton, on West Tennessee
street.

Mr. and Mrs. W. H. Crafton and
Miss Alice Herring have returned
home after a visit to friends at Obi-
on Tenn.

Mr. James Woodward, the well-
known news dealer at Metropolis, Ill.,
was in the city today on business.

Mrs. R. A. Smith, of Dana, Ind.,
has returned from Mayfield, and is
the guest of Mrs. James P. Smith.

Mr. Chesley Herndon, of Nashville,
Tenn., is visiting his parents, Captain
and Mrs. T. H. Herndon of Washing-
ton, near Fifth street.

Capt. Dana Scott, the underwriters
agent, who has been to the various
boat wrecks recently, is in the city
today on business. Capt. Scott was
master on the City of Pittsburg the
night she burned below Paducah.

Mr. and Mrs. W. D. Sanders are
expected this week on a visit to Mr.
Sanders' parents, Dr. and Mrs. W.
H. Sanders.

Secretary D. W. Coons, of the
Commercial club, is in St. Louis on
business.

Attorney J. R. Grogan returned
Saturday night from Murray, Ky.,
where he has been on business in
connection with the Harris Grocery
company bankruptcy case.

Mr. Louis M. Rieke, Jr., leaves to-
night for New York City.

MAJOR E. C. LEWIS

CHOSEN ACTING PRESIDENT OF THE N. C. & ST. L. SATURDAY.

It is Believed That Mr. J. W. Thomas, Jr., Will Be Elected President.

The board of directors of the Nashville, Chattanooga & St. Louis railway met at Nashville Saturday and elected Maj. E. C. Lewis, acting president and Mr. J. W. Thomas, Jr., a member of the board of directors to fill the vacancy caused by the recent death of President J. W. Thomas.

The next regular meeting of the board of directors will be held on the second Tuesday in April. Maj. Lewis stated that the present policy of the road would be continued, and that the ideas advocated by the deceased president would be carried forward by him.

It is generally believed that the election of Mr. J. W. Thomas, Jr., as a member of the board of directors to succeed his father and the title of acting president only given to the appointment of Maj. Lewis means that at the expiration of the three months provided by the constitution of the road, Mr. J. W. Thomas, Jr., will be elected to the presidency.

Going to Work in Quarries.

The Katterjohn Construction Co., of Cedar Bluff, is taking all the colored labor it can get, and this morning twenty-three negroes were shipped to the quarries for work.

The company will take as many men as it can get, and daily a squad of laborers is sent out of Paducah. The quarries do not run constantly during the extreme winter weather, and now that the weather has moderated and it is possible to run regularly, the crew is being increased.

SOME OPPOSITION TO A CITY BUYER

Committees, it is Claimed, Can Do the Work Gratis.

The New Police Ordinance to Come Up Tonight—Cow Ordinance Will Not Be Ready.

STREET SPRINKLING TALK.

The board of councilmen will hold its regular meeting at the city hall tonight, with the usual amount of business to transact.

The ordinance providing for a city buyer will probably come up for first passage. It is not known what its fate will be, as some of the members seem to believe that it would be better to have some of the members of the boards act as a committee to safeguard the city in the matter of purchases, and save the \$1,200 a year proposed to be paid out to some man to do it.

One objection to the creation of the office is that it would afford too much opportunity for graft.

"About the best way to regulate city purchases," declared one member of the board today, "is for the finance, or some other committee, to carefully watch every bill, and reject everyone that is not straight. If the city has been overcharged, about one experience of this kind, together with the exposure that would follow in the newspapers when a report was made to the council, would stop the overcharge business, if there has been any of it."

"There is still another feature, however, that remains to be looked after. This is that of short weight. If there is any disposition to be dishonest in furnishing the city's supplies, it could be accomplished just as easily by delivering supplies short in weight to the city, as by overcharging. There ought to be some legal provision requiring everything the city buys in large quantities, to be weighed on the city scales before being received by the city. There is at present no way for some of the department heads to tell whether they are getting what is supposed to be delivered, or not. I don't believe in paying \$100 for a 'city buyer' because it may not save anything that we can't already save free of charge to the city."

The ordinance reducing the police force to make it come within this year's appropriation will be introduced tonight. It makes the number of patrolmen 21, with a chief, captain and lieutenant in addition.

The new cow ordinance may not be ready for presentation tonight. It is understood that it will prescribe a penalty for allowing cows to run at large, and will require a tax on cows similar to that on dogs. Only a few cows are assessed for taxation in Paducah, although there are probably several hundred here. If a cow is taken up under the new ordinance, its owner may be ascertained by referring to the number of the license tag on the bovine, and a warrant issued.

The council will probably take up the street sprinkling proposition tonight. It has been suggested that sprinkling districts be laid off and contracts for sprinkling be let, so the work can be started next month. Under the law a sprinkling tax of 5c on the \$100 property valuation can be levied as a sprinkling tax and this is sufficient to sprinkle the streets properly.

"I think the city should take the sprinkling proposition up with the street car company again," said former Secretary of the Board of Works S. A. Fowler today. "The company, at one time, proposed to furnish a sprinkling car and sprinkle all the streets along its lines."

Owing to the advance in price of Huyler's Candy it will be sold hereafter for

GO TO THE RESCUE

Don't Wait Till It's Too Late—Follow the Example of a Paducah Citizen.

Rescue the aching back. If it keeps on aching, trouble comes. Backache is kidney ache. If you neglect the kidneys' warning, Look out for urinary trouble—diabetes.

This Paducah citizen will show you how to go to the rescue.

W. K. Tilley, of 400 South Third street, tobacco packer with the Allison & Veal Tobacco Co., on North Third street, says: "An aching back to a tobacco packer is not only a nuisance but it keeps him in misery. Despite all my efforts to cure mine by using household remedies and trying treatment guaranteed by friends and acquaintances, I was unable to check it, let alone cure it, until I procured Doan's Kidney Pills at Alvey & List's drug store, on Broadway. The first box gave such satisfaction that I bought a second and was highly pleased with the results. To say I endorse Doan's Kidney Pills mildly expresses my opinion of that remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

about 14 miles, for \$300 a month. Louisville has taken up the matter with the traction company there and it is the mode of sprinkling in many cities, and Paducah would do well to investigate the proposition."

It is understood that the legislative boards, after the police reduction ordinance is passed, will adopt a resolution asking the police commissioners to order two patrolmen detailed every day to remain at the city hall for emergency work, or plain clothes duty if the chief deems it advisable.

A petition is being circulated today asking the council not to cut down the number of the police force to such an extent as to cut off the plain clothes men, and it will be presented tonight.

When asked about the matter today, a member of the council said: "We don't intend to specify how the police shall be used. That is left to the commissioners, and they can have two plain clothes men if they want them, therefore we shall probably take no action on the petition."

In this connection it is said an ordinance will be brought in some time soon conferring police powers on a number of the city office-holders, the city weigher, wharfmaster, wire inspector, license inspector, etc., and in this way add to the number of police who can be used in an emergency.

Itch—Ringworm.

E. T. Lucas, Wingo, Ky., writes April 25, 1902: "For 10 to 12 years I had been afflicted with a malady known as the 'itch.' The itching was most unbearable; I had tried for years to find relief, having tried all remedies I could hear of, besides a number of doctors. I wish to state that one single application of Ballard's Snow Lintment cured me completely and permanently. Since then I have used the lintment on two separate occasions for ring worm and it cured completely. 25c, 50c and \$1 at Alvey & List's and G. C. C. Kolb's."

Saleswomen's Peril

GRAVE DISEASES, DUE TO STANDING

Facto About Miss Merkley's Dangerous Illness and Complete Cure

Have you ever thought why so many women or girls rather walk an hour than stand still for ten minutes?

It is because most women suffer from some derangement of their delicate organism, the discomfort of which is less trying when they are in motion than when standing.

In some states laws compel employers to provide resting places for their female employees.

But no amount of law can regulate the hard tasks of these women. They must get the strength which this work demands or run the risk of serious diseases and the surgeon's knife.

Read the experience of Miss Margaret Merkley, 275 3d Street, Milwaukee, Wis.:

Dear Mrs. Pinkham—

"Gradual loss of strength, nervousness, bearing-down pains and extreme irritation compelled me to seek medical advice. The doctor said I had diseased organs and ulceration, and advised an operation if I wanted to get well. I objected to this and decided to give Lydia E. Pinkham's Vegetable Compound a trial. I soon found that all the good things said about this great medicine were true. The ulceration soon healed, backache, headache and nervousness disappeared, and a short time I was strong, vigorous and perfectly well. I wish every working girl who suffers would try Lydia E. Pinkham's Vegetable Compound."

Lydia E. Pinkham's Vegetable Compound is a vegetable tonic which invigorates and strengthens the entire female organism, and will produce the same beneficial results in the cases of other sick women as with Miss Merkley.

ville, are in the city today. They inspected the Duffy this morning.

The steamer Duffy came in from the Tennessee with 40,000 ties for the Ayer & Lord company today.

A Memphis dispatch says: "Joseph Gibbons, one of the best known pilots between St. Louis and New Orleans, who is now on the steamer City of St. Joseph, will leave for New Orleans, having been appointed by the government to pilot the United States monitor Arkansas, which will appear at the Natchez Mardi Gras celebration."

The Queen City has been compelled to abandon her Mardi Gras trip from Pittsburg to New Orleans and back on account of low water and ice in the Ohio from Cincinnati to Pittsburg. This is a great disappointment to a crowd of people who expected a royal time on the trip.

Bids were opened for the building of the highway bridge across the Cumberland river at Carthage, Tenn. The lowest bid was that of the W. T. Young Bridge company, of Nashville, its bid being \$51,490. The bridge will be a twenty-foot roadway steel high bridge, and the work is to be completed by the first day of January, 1907.

The W. W. O'Neil passed up yesterday from New Orleans for Louisville with empires.

The Stacker Lee passed down last night from Cincinnati for Memphis.

Capt. A. B. Brown and wife were in the city today en route to Metropolis, Ill., on a visit to relatives. Capt. Brown is clerk on the Queen City, which was prevented from making her Mardi Gras trip by the low water.

The End of the World.

of troubles that robbed E. H. Wolfe, of Bear Grove, Ia., of all usefulness, came when he began taking Electric Bitters. He writes: "Two years ago Kidney trouble caused me great suffering, which I would never have survived had I not taken Electric Bitters. They also cured me of General Debility." Sure cure for all stomach, Liver and Kidney complaints, Blood diseases, Headache, Dizziness and Weakness or bodily decline. Price 50c. Guaranteed by McPherson's drug store.

Elected a Vice-President.

Mr. Henry Katterjohn has returned from a meeting of the National Association of Bricklayers at Philadelphia and was chosen vice-president of the national organization for Kentucky. The meeting was a large one, manufacturers of brick from all over the United States being in attendance, and of particular interest in Kentucky is the fact that it was decided to organize a state association here before the next national meeting.

MUCH INTEREST

In the Reappearance of Ben Daniels, of Metropolis.

Much interest has been aroused in Metropolis, Ill., by the dispatches detailing the arrest in Nogales, Ariz., of Ben Daniels, a United States marshal and a former resident of Metropolis. He is said to have killed a man in Brookport, Ill., a number years ago with a billiard cue. Although it is supposed that Daniels had never been back home in recent years, he was at Metropolis only recently, and was there before when some of his family died, but always had to hide out.

He is said to have escaped in Metropolis by making a dash out of the jail corridor, the door to which had been left unlocked, while his attorney was holding a consultation with him.

If the Metropolis authorities want him now, they can easily get him.

NEW N. C. & ST. L. TIME CARD.

But No Trains Running Into Paducah Are Affected.

The N. C. & St. L. road has issued a new time card but no changes are made in the local schedule. The card was issued because of one change made at Olong, Tenn., a few miles out of Memphis. A piece of track operated jointly by the L. & N. and N. C. & St. L. called for a change of schedule and the change was made there. No trains running into Paducah were affected.

CHAPTER XII.

ONE day Barnett telephoned to his wife that he would not take luncheon at home. There was nothing unusual in the words of this announcement, but Jeanette's keen ear detected restrained excitement in his calm drawl.

"What's the matter?" she asked quickly.

"Nothing, my dear; nothing," he glibly responded.

"Don't Barnett, I know better. Tell me this instant!"

He was in for it. "Well, Mr. Mackay, our superintendent, was tarred and ridden on a rail by the miners this morning!"

"Gracious heavens!"

"And I'm getting off up the stage road to meet him."

"What did they do to him?"

"Oh, it's the same old business. The men didn't like some regulation of his and stuck, and—but it's a long story; I won't go into it now. I'll get back in time for dinner, probably."

In an hour Millionaire row was humming with news of the outrage. Reports, confused, conflicting, flew along the wires east and west, and the afternoon papers were filled with dramatic details of the opening of a big strike in Skytown and the story of how the union leaders had mishandled Mackay, the superintendent of the Red Star Mining corporation.

All this would have interested Ann very little had not her brother been in the midst of the disorder. She immediately wired him to come down and got a reply from Raymond saying, "Louis is on the way—no danger," and the boy himself came riding into the yard at dusk.

Raymond's letter to Barnett took serious view of the situation:

I don't think Mackay the proper man to attempt to reorganize the working hours of this camp. Don't try to put him back, and don't make too much of this little affair. The whole camp is uneasy at this time. The union is getting very strong and likely to make it hot for independents like Kelly and myself.

"What is it all about?" asked Jeanette.

Don looked bored. "Oh, really now, don't ask me to go into the cause of a strike. A woman never understands such a situation. However, here is what Rob says:

Mackay posted his notices Saturday night, putting the new nine hour schedule into effect Monday morning. Sunday the camp boiled. The union put forth its decree, and of course at the morning hour a big crowd gathered to see Mackay face his men. He came riding up (the jack-ass) in tan colored English riding breeches and a little blue gray cap—you know the kind. Of course they booed him and headed his horse back down the slope. He was red headed, naturally, and being a double distilled idiot, hired a couple of desperadoes from Bozle as guards and came back. This time the boys jerked him and his men from their horses and hustled them down the canyon at the foot too. I did what I could to prevent this, but the men who had the matter in charge had been drinking, and the crowd was with them. My men are not in the union, but I hear ominous threats. I advise you not to attempt to put the new schedule into operation at the present time.

The effect on the valley of Mackay's recital of his maltreatment was most wonderful. The principal mine owners of the Springs met to discuss their campaign. The valley called for the blood of those who had dented the sacred person of their representative, and the sheriff was ordered to arrest and bring down the insolent "red necks" who had humbled the proud and confident Red Star superintendent. "This spirit of lawlessness must be checked or it will run into riot," said Barnett, who developed unexpectedly into a leader of the mine owners by virtue of his large interests in the Red Star.

The sheriff valiantly responded to the call and, with a half dozen deputies, marched up into the glittering mist of the high peaks and came down again empty handed and sullen.

A meeting of the officers of the Red Star and allied companies was called, Barnett presiding. Most resolute resolutions were passed. Mackay was instructed to press his demands to the full. Barnett naturally opposed a conference with the miners. "Either they come to our terms or we close down the mines," he said. "It is our cue to be firm in this demand."

The sheriff, who had been invited to be present and tell his tale, put in a warning word.

"Gentlemen," said he, "you're dealing with a lot of free miners and prospectors—men who won't be driven and can't be scared. If it had been just a case of ignorant dagoes I would have brought 'em down, but they've got leaders that you can't monkey with. When Hob Smith, Denver Dan and that devil Jack Munro met me with their bolsters tied down I threw up my hands. You are from the east, where things are different. About one-third of the men on the peak are old prospectors and free miners, and if they stay by the proposition you've got to take a sneak or put up the fight of the age."

"We stand pat," said Barnett, "and we shall insist on your arresting the men who assaulted Mr. Mackay."

The sheriff made an elaborate bow. "Right you are, Mr. Barnett, but I'll want a hundred deputies to do it with."

Moving with such secrecy as he could, the sheriff collected and swore in some ninety men, the boldest and hardest to be found in all the towns of the valley. They were not sedate and considerate citizens, but they were

brave, or at least reckless, and without exception experienced wearers of guns. They professed themselves quite able and willing to bring down anybody in the hills. After being armed and provisioned they were to be sent round by way of a railroad which was building toward the camp from the south.

Barnett was heedful of his words at home and made light of the probable opposition of the miners, but Louis, with a boy's ability to discern what was going on, soon acquired a pretty clear idea of the plan, and when Ann asked him not to return to the heights on Monday he was ominously calm, but asserted his right to go where he pleased.

"Rob wants me and needs me, and I'm going. You can put me in jail, but that is the only way. If there is going to be war, I am going to be in it, and I'm going to be on the side of the miners."

Ann wrote a swift and fervent note to Raymond:

I am trusting Louis to your care because he will not stay. You have won his heart from us, and we are powerless to prevent his return. Guard him, for the sake of his boyish sweetness, for my sake.

She wrote no further, for as her mind dwelt upon that camp of ruffian miners and their desire for battle a bitter resolution swept over her. "I will test his love for me." With cold intensity she announced her purpose. "If you insist on going back to that camp I shall go too."

"You must not go," said Louis. "It's no place for you."

"It is no place for you."

He asserted himself again. "I can take care of myself."

"Mr. Raymond has asked me to keep you here." She went to him and put her arm about his neck. "Stay with me, laddie. I am missing you these days."

In the end she seemed to prevail, but she took no pleasure in her victory, for he went about the house like a young eagle pinioned. Nothing save the news of the camp interested him, and when the time came for the sheriff to start on his new raid he became greatly excited.

"There's going to be a battle," he said to Ann. "I'm going."

"No, no!" she pleaded.

He turned upon her with a resentful stamp of his heel. "I can't stay here like a kid."

She changed her tone. "Very well. When shall we start?"

He looked at her steadily, and into his eyes came a softer gleam. "I've just thought," he began reflectively; "you can stay with Mrs. Kelly till we build a wing for you. She's a nice woman and lives in the cunningest little log cabin. That settles it! We will go right away, today!"

Ann was at a loss, but did not show it. "If you are determined to go, then there is no use in waiting. Let us start at once!"

While Mrs. Barnett suggested what to wear Don ordered a carriage to take Ann and himself to the train, and Louis saddled his horse for his return trip up the stage road. "I'll beat you up," he shouted to Ann and galloped away with shining face.

The railway which ran up Bear canyon was still building and had not yet reached the divide, so that a stage ride

A Weak Heart

Seldom gets strong again without help. Awake or asleep, it never stops, and consequently has no period of rest or relaxation in which to regain lost vigor. You should avoid exertion, excitement and worry as much as possible, to relax the strain, and take Dr. Miles' Heart Cure, which is a heart tonic, to strengthen and restore vigor to the heart nerves and muscles. The symptoms of a weak heart are shortness of breath, palpitation, feeble or too rapid pulse, hungry spells, hot flashes, dizziness, smothering spells, pain in heart or side, etc.

"I had been treated for heart disease by different physicians without any improvement. Finally my doctor informed me that there was little hope of my ever being able to do a day's work again. About that time a gentleman called upon me, and said, 'I heard of your condition, and have come to tell you that Dr. Miles' Heart Cure saved my life, and I want you to try it.' I did so, and after a week or so I went to my physician and told him I had been taking Dr. Miles' Heart Cure. He examined me and said, 'Good bless Miles' Heart Cure, it has made you better in a few days than I ever expected to see you again.' I am now well, having fully regained my health by the use of this remedy."

DO YOU KNOW

That Dr. Pierce's Favorite Prescription is the only medicine sold through druggists for woman's weaknesses and peculiar ailments that does not contain large quantities of alcohol? It is also the only medicine especially prepared for the cure of the delicate diseases peculiar to women, the maker of which is not afraid to take his patients into his full confidence, by printing upon each bottle wrapper all the ingredients entering into the medicine. Ask your druggist if this is not true.

"Favorite Prescription," too, is the only medicine for women, all the ingredients of which have the unqualified endorsement of the leading medical writers of the several schools of practice, recommending them for the cure of the diseases for which the "Prescription" is advised. Write to Dr. R. V. Pierce, Buffalo, N. Y., for a free booklet, and read the numerous extracts from standard medical authorities praising the several ingredients of which Dr. Pierce's medicine is made, and don't forget that no other medicine put up for sale through druggists for domestic use can show any such professional endorsement. This, of itself, is of far more weight and importance than the amount of so-called "testimonials" so conspicuously flaunted before the public, in favor of the alcoholic compounds.

The "Favorite Prescription" cures all woman's peculiar weaknesses and derangements, thus banishing the periodical headaches, backaches, bearing-down distress, tenderness and dragging-down sensations in lower abdomen, accompanied by weakening and disagreeable catarrhal, pelvic drains and kindred symptoms. Dr. Pierce and his staff of skilled specialists may be consulted free by addressing above. All correspondence is treated as sacredly confidential. By consulting in this way the disagreeable questionings and personal "examinations" are avoided.

The People's Common Sense Medical Adviser contains some very interesting and valuable chapters on the diseases peculiar to women. It contains over one thousand pages. This sent post paid, on receipt of sufficient in one-cent stamps to pay cost of mailing only, or 21 cents for a copy in flexible paper covers, or 31 cents for a cloth-bound copy. Address Dr. R. V. Pierce as above.

of some twenty miles connected the town of Grand View with Sky camp. Ann and Barnett were noticeable persons in the car, which was filled with roughly clad workmen of all kinds. Ann was conscious of their admiration for her, and it deeply annoyed her. Two or three of the better dressed men, who were on speaking acquaintance with Barnett, came up to ask him what he thought of the strike.

"I didn't know it was a strike," said he, ignoring their evident desire to be introduced to Ann.

"Oh, it's a strike all right. Your man Mackay wasn't much hurt, was he?"

"Not badly."

"He was a little too previous. I hope the sheriff won't try to do anything more about it. The boys up at Sky are a little sharp set about that business. Ain't goin' up there yourself, are ye?"

"Yes; I've always been on good terms with my men. I think I can help to arrange some sort of a compromise."

The two miners looked at each other.

At length the older of them said in a tone that meant a good deal to ears accustomed to western inflections: "Well, I reckon the whole thing has been exaggerated. My claim is just below Bozle, and so, of course, I don't know much more about Sky than you do. Still I wouldn't advise your going in at this time."

At Grand View a couple of stages met them, and as Ann waited on the platform for Don to secure a carriage she observed that on the seat of each of the coaches two guards sat, negligently nursing rifles which glittered in the sunlight. Soon the whips began to crack, and the coaches rolled away one by one, leaving Barnett to follow in a road wagon which he had hired for their own special use.

The sun was sinking to mid-afternoon, and Mogalyon on the left was in full glory of emerald and saffron. The air was keen and crisp, the sky cloudless, and the road, except for an occasional mudhole, was very good. Barnett remarked, "We ought to pull into Bozle before dark on these roads."

Night came abruptly. A thin gray scum rose swiftly on the western sky and suddenly grayed the brightness of the sun. The world grew instantly stern and cold. The road, after climbing a ridge, descended into a gorge with firs on either side, and when they came out upon the flat meadow to the northwest of Mogalyon only the lights of Skytown could be seen.

At the moment that Don was pointing out the lights two horsemen appeared in front and in the middle of the road.

"Halt!" cried a clear voice.

The driver pulled his tired horses to a stand so energetically that his hands rose above his head.

"Is Donnelly Barnett with you?" asked one of the men as he rode nearer.

"I'm Barnett. What do you want of me?" asked Don coolly.

"Not a thing," answered the horseman. "That's just it. We have no use for you, and I've been watching to meet you and say that the boys want you to continue your quiet, uneventful life at the Springs."

"Who are you?"

"We're a couple of Skytown vedettes. Who is the lady?"

"That doesn't concern you. Go on, driver."

BOATS RESUMING

ST. LOUIS BOATS START THIS WEEK.

The Leyhe Fleet Will Soon Be Returning to St. Louis to Resume.

It is probable the St. Louis and Tennessee river boats will resume this week, and that the City of Saltville will leave St. Louis for the Tennessee river. The boats suspended several weeks ago on account of ice in the Mississippi river, and the ice has now about all disappeared.

The Leyhe fleet, which has been here since cold weather in winter quarters, will shortly return to St. Louis to resume business.

Many thousand dollars have been spent in Paducah for repairs, labor, stores and such things, since the fleet arrived in "Duck's Nest," and the boats will be missed.

The Ohio river has been practically free from ice during the winter, but the Mississippi has most of the time been full of it, and no boats have run below Cairo most of the winter.

Croup

Begins with the symptoms of a common cold; there is chilliness, sneezing, sore throat, hot skin, quick pulse, hoarseness and impeded respiration. Give frequent small doses of Ballard's Horehound Syrup (the child will cry for it) and at the first sign of a croupy cough apply frequently Ballard's Snow Liniment to the throat.

Mrs. A. Vliet, New Castle, Co., writes, March 19, 1902: "I think Ballard's Horehound Syrup a wonderful remedy, and so pleasant to take." For sale by Alvey & List and G. C. C. Kolb.

STRUCK IN HEAD.

Mrs. Lena Murray Was Painfully Hurt by a Missile.

Mrs. Lena H. Murray, daughter of Mr. R. M. Myles, of 419 South Fourth street, was struck in the forehead with a lump of coal or some other hard missile. She went back into the house and informed the male members of the family. A search of the premises failed to disclose anyone. Mrs. Murray stepped out again a short time later, and was thrown at again but not struck.

The wound in her head is not serious but painful, and the affair is very mysterious. The police were notified but could learn nothing.

Health

Means the ability to do a good day's work, without undue fatigue and to find life worth living. You cannot have indigestion or constipation without its upsetting the liver and polluting the blood. Such a condition may be best and quickest relieved by Herbine, the best liver regulator that the world has ever known. Mrs. D. W. Smith writes, April 3, '02: "I use Herbine and find it the best medicine for constipation and regulating the liver I ever used." 50c at Alvey & List and G. C. C. Kolb.

Senator Wheeler Campbell Has Drawn Substitute for the County Unit Bill

Frankfort, Ky., Feb. 19.—Senator J. Wheeler Campbell has drawn up a compromise substitute local option bill, which he is confident will pass the senate, and if it gets through that body he believes is certain of passage in the house.

The bill drawn leaves counties containing first and second class cities under the operation of the present law—that is, each precinct in such counties may vote independently of the rest of the counties. The bill provides that counties containing third and fourth class cities may vote on local option independent of those cities, and a local option vote may be taken in the third and fourth class cities, the whole city being used as a unit. Towns smaller than fourth class cities are subject to the vote of the en-

tire county.

Louisville is the only first-class city in the state. There are four second-class and four third-class cities and twenty-seven fourth-class cities. Therefore, if this compromise measure becomes a law, eighty-seven counties of the state will be controlled by the county unit local option law.

There are about sixty fifth-class cities in the state, and their representatives will make an effort to amend the substitute bill to allow them to vote as a unit on the local option, independent of the rest of the county in which they are located.

Mr. Campbell, however, believes that the substitute in its present form can be passed without further compromise with the whiskey interests.

OUR CLOSING OUT AT COST SALE!

WE have decided to discontinue the retail sale of furniture in Paducah, to devote our entire energies to our factory, and will close out our entire stocks at 114-116-207-213 South Third street at **COST**. This is a bonifide sale of an immense stock of Furniture **AT COST**. It is going to be sold at once. The greatest opportunity ever offered Paducah housekeepers to furnish up. Everything marked in plain figures.
